Great News For Election Workers !

lewiscounty.org/vaccine-registration

Under this new expansion of eligibility, the following essential workers will now be eligible to begin receiving the COVID-19 vaccine on March 17:

- Public-facing government and public employees
- Not-for-profit workers who provide public-facing services to New Yorkers in need
- Essential in-person public-facing building service workers

This includes workers such as public works employees, social service and child service caseworkers, government inspectors, sanitation workers, DMV workers, County Clerks, building service workers and election workers - the everyday heroes who have been showing up day in and day out throughout this pandemic.

New York's vast distribution network and large population of eligible individuals still far exceed the supply coming from the federal government. Due to this limited supply, New Yorkers are encouraged to remain patient and are advised not to show up at vaccination sites without an appointment.

If you are interested, please sign up today at lewiscounty.org/vaccine-registration.

If you need help navigating the internet registration, we are willing to help you. Call us at 315-376-5329.
