This local law seeks to clarify previously enacted definitions of those establishments and entities providing lodging and who are therefore required to remit the Room Occupancy Tax in Lewis County.

(b) The adoption of this local law is intended to rescind and replace Lewis County Local Law No. 8 – 2004 and any and all laws and amendments thereafter adopted by the Board of Legislators relating to the Hotel and Motel Room Occupancy Tax in Lewis County.

SECTION 7. TERRITORIAL LIMITATIONS:

The tax imposed by this Local Law shall apply only within the territorial limits of the County of Lewis.

(a) Every person required to collect any tax imposed by this Local Law presently operating, commencing business or opening a new place of business, and every person who takes possession of or pays for business assets under circumstances requiring notification by such person to the County Treasurer pursuant to subdivision (d) of Section 18 of this Local Law shall file with the County Treasurer a certificate of registration, in a form prescribed by it, at least twenty (20) days prior to commencing business or opening a new place of business or such purchasing or taking of possessing or payment, whichever comes first.

Such certificates shall be non-assignable and non-transferable and shall be surrendered to the County Treasurer immediately upon the registrant’s ceasing to do business at the place named or in the event that such business never commenced.
SECTION 9. ADMINISTRATION AND COLLECTION:

(a) The tax imposed by this local law shall be administered and collected by the County Treasurer, or such other employees of the County as the County Treasurer may designate, by such means and in such manner as are other taxes which are now collected and administered or as otherwise are provided by this local law;

If the occupant is given any receipt or other statement or memorandum of rent paid or payable, the tax shall be stated, charged and shown separately on the first of such documents given to him/her. The tax shall be paid to the person or entity required to collect it as trustee for and on account of the County;

(c) The County Treasurer shall by regulation prescribe a method or methods or a schedule or schedules of the amounts to be collected from occupants in respect to rent upon which a tax is imposed by this Local Law so that the aggregate collection of taxes by a person required to collect tax shall, as far as practicable, equal to five (5%) percent of the total rents of such person upon whom a tax is imposed by this Local Law;

(d) For the purpose of the proper administration of this Local Law and to prevent evasion of the tax hereby imposed, it shall be presumed that all rents for occupancy of hotel, motel, tourist home, inn, cottages, condominium, Bed & Breakfast, and short term rental in the County of Lewis are subject to tax until the contrary is established, and the burden of proving that any rent is not taxable shall be upon the person required to collect tax or the occupant. Unless an occupant, prior to taking possession, furnishes to the operator a statement which the County Treasurer may require demonstrating that the occupant is an exempt organization described in Section 6 of this Local Law, the sale shall be deemed a taxable transaction. Where such a statement has been furnished to the operator, the burden of proving that the rent is not taxable hereunder shall be solely upon the occupant. The operator shall not be required to collect tax from occupants who furnish an exempt organization statement in proper form;

(e) The County Treasurer may provide, by regulation, for the exclusion from taxable rents, rent which has been ascertained to be uncollectible or, in case the tax has been paid upon such rent, for refund of or credit for the tax so paid. Where the County Treasurer provides for a credit for the tax so paid, the Treasurer shall require an application for credit to be filed, but the Treasurer may also allow the applicant to immediately take the credit on the return which is due coincident with or immediately subsequent to the time the applicant files his/her application for credit. However, the taking of the credit on the return shall be deemed to be part of the application for credit and shall be subject to the provisions in respect to applications for credit in Section 14 of the Local Law.

SECTION 10. RECORDS TO BE KEPT:

Every operator shall keep records of every occupancy and of all rent paid, charged or due thereon and of the tax payable thereon, in such form as the County Treasurer may by regulation require. Such records shall include a true copy of each receipt or statement separately stating the tax charged. Such records shall be available for inspection, examination and audit at any time upon demand by the County or its duly authorized agent or employees, and shall be preserved for a period of three (3) years, except that period or may require that they be kept longer.
SECTION 11. RETURNS:

(a) Every operator required to register pursuant to Section 8 hereof shall file a return quarterly with the County Treasurer. The return shall show all rents received or charged and the amount of tax thereon. The returns to be filed quarterly shall be filed for the quarterly periods ending on the last day of February, May, August and November of each year, and shall be filed within twenty (20) days after the end of the quarterly period covered thereby. The County Treasurer may permit or require returns to be made by other periods and upon such dates they may specify. If the County Treasurer deems it necessary in order to insure the payment of the tax imposed by this Local Law, they may require returns to be made for shorter periods than those prescribed pursuant to the foregoing provisions of this section and upon such dates as she/he may specify;

(b) The form of returns shall be prescribed by the County Treasurer and shall contain such information as he or she may deem necessary for the proper administration of this Local Law. The County Treasurer may require amended returns to be filed within twenty (20) days after notice and to contain the information specified in the notice;

(c) If a return required by this Local Law is not filed, or a return when filed is incorrect or insufficient on its face, the County Treasurer shall take the necessary steps to enforce the filing of such a return or of a corrected return.

SECTION 12. PAYMENT OF TAX:

(a) Every operator required to file a return under the preceding section shall, at the time of filing such return, pay to the County Treasurer five (5%) percent of the total of all rents subject to tax pursuant to this Local Law, as well as all other moneys collected by the operator acting or purporting to act under the provisions of this Local Law;

(b) The amount payable for the period for which a return is filed shall be due and payable to the County Treasurer on the date required for filing the return, whether or not the return is filed, or whether or not the return filed correctly shows the rents or the taxes due thereon;

(c) If deemed necessary to protect the revenues to be obtained under this Local Law, the County Treasurer may, in his or her discretion, require any operator required to collect the tax imposed by this Local Law to file with the County Treasurer’s Office a bond, issued by a surety company authorized to transact business in this state and approved by the superintendent of insurance of this state as to solvency and responsibility, in such amount as the County Treasurer may fix, to secure the payment of any tax or penalties or interest due or which may become due from such operator. In such event, the County Treasurer shall give written notice to such operator to that effect specifying the amount of the bond required. The operator shall file such bond within five (5) days after the giving of such notice unless within such five (5) days after the giving of such notice unless within such five days the operator shall request in writing a hearing before the County Treasurer. At such hearing, the operator may present such information and documentation as he/she deems necessary. The County Treasurer may rely upon any information in his or her possession and/or presented by the operator or occupant to determine the necessity, propriety and amount of the bond. The determination by the County Treasurer shall be final and the operator shall comply therewith within fifteen (15) days of the giving of notice of the determination. In lieu of any such bond, the operator may deposit with the County Treasurer’s Office securities approved by the County Treasurer or cash in such amount as the Treasurer may prescribe, and
which shall be kept in the custody of the County Treasurer, who may at any time without notice of the depositor, apply them to any tax and/or interest or penalties as they are then or may become due and payable, and for that purpose the securities may be sold by him or her at public or private sale without notice to the depositor thereof.

SECTION 13. DETERMINATION OF TAX:

(a) If a return required by this Local Law is not filed, or if a return when filed is incorrect or insufficient, the amount of tax due shall be determined by the County Treasurer from such information as may be obtainable and, if necessary, the tax may be estimated on the basis of external indices such as number of rooms, location, scale of rents, comparable rents, type of accommodations and service, number of employees and/or other factors. Notice of such determination shall be given to the person liable for the collection and/or payment of the tax. Such determinations shall finally and irrevocably fix the tax unless the person against whom it is assessed, within ninety (90) days after giving of notice of such determination, shall apply to the County Treasurer for a hearing, or unless the County Treasurer, on his or her own motion, shall re-determine the same;

(b) Whenever such tax is estimated as provided for in this section, such notice shall contain a statement in bold face type conspicuously placed on such notice advising the person; that the amount of tax was estimated, that the tax may be challenged through a hearing process, and that the petition for such challenge must be filed with the County Treasurer within thirty (30) days;

(c) After such hearing, the County Treasurer shall give notice promptly, by registered or certified mail, of his or her determination to the applicant. The determination of the County Treasurer shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under Article 78 of the Civil Practice Law and Rules if application therefore is made to the Supreme Court within four (4) months after the giving of the notice of such determination. A proceeding under Article 78 of the Civil Practice Law and Rules shall not be instituted unless the amount of any tax sought to be reviewed, with penalties and interest thereon, if any, shall be first deposited with the County Treasurer, and there shall be filed with the County Treasurer and undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent of insurance of this state as to solvency and responsibility, in such amount as a Justice of the Supreme Court shall approve to the effect that is such proceeding be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of the proceeding or at the option of the applicant, such undertaking filed with the County Treasurer may be in a sum sufficient to cover taxes, penalties and interest thereon stated in such determination plus the costs and charges with may accrue against it in the prosecution of the proceeding, in which event the applicant shall not be required to deposit such taxes, penalties and interest as a condition precedent to the application.

SECTION 14. REFUNDS:

(a) In the manner provided in this section, the County Treasurer shall refund or credit, without interest, any tax, penalty or interest erroneously, illegally or unconstitutionally collected or paid if application to the County Treasurer for such refund shall be made within one (1) year from the payment thereof. Whenever a refund is made by the County Treasurer, he or she shall state his or her reason therefore in writing. Such application may be made by the occupant,
operator or other person or entity who has actually paid the tax. No actual refund of moneys shall be made to any operator, of tax which has been collected from an occupant, until the alleged taxpayer shall first establish to the satisfaction of the County Treasurer under such regulations as the County Treasurer may prescribe, that he or she has repaid to the occupant the amount for which the application for refund is made. The County Treasurer may in lieu of any refund required to be made, allow credit therefor on payments due from the applicant;

(b) An application for a refund or credit made as herein provided shall be deemed an application for a revision of any tax, penalty or interest complained of and the County Treasurer may receive evidence with respect thereto. After making his or her determination, the County Treasurer shall give notice thereof to the applicant who shall be entitled to review such determination by a proceeding pursuant to Article 78 of the Civil Practice Law and Rules, provided such proceeding is instituted within four (4) months after the giving of the notice of such determination, and provided that a final determination of tax due was not previously made. Such a proceeding shall not be instituted unless an undertaking is filed with the County Treasurer in such amount and with such sureties as a Justice of the Supreme Court shall approve to the effect that if such proceedings be dismissed or the tax confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding;

(c) A person shall be entitled to a revision, refund or credit under this section of a tax, interest or penalty which had been determined to be due pursuant to the provisions of Section 13 of this Local Law where he or she has had hearing or an opportunity for a hearing, as provided in said section, or has failed to avail himself or herself of the remedies therein provided. No refund or credit shall be made of a tax, interest or penalty paid after a determination by the County Treasurer made pursuant to Section 13 of this Local Law unless it be found that such determination was erroneous, illegal or unconstitutional or otherwise improper by the County Treasurer after a hearing, or of his or her own motion or in a proceeding under Article 78 of the Civil Practice Law and Rules, pursuant to the provisions of said section, in which event, refund or credit without interest shall be made of the tax, interest or penalty found to have been overpaid.

SECTION 15. RESERVES:

In cases where the occupant or operator has applied for a refund and has instituted a proceeding under Article 78 of the Civil Practice Law and Rules to review a determination adverse to him or her on his or her application for refund, the County Treasurer shall set up appropriate reserves to meet any decision adverse to the County.

SECTION 16. REMEDIES EXCLUSIVE:

The remedies provided by Sections 13 and 14 of this Local Law shall be exclusive remedies available to any person for the review of the tax liability imposed by this Local Law; and no determination or proposed determination of tax, or determination on any application for refund shall be enjoined or reviewed by an action for declaratory judgment, an action for money had and received, or by any action or proceeding other than a proceeding under Article 78 of the Civil Practice Law and Rules.

SECTION 17. PROCEEDING TO RECOVER TAX:
(a) Whenever any operator required to collect a tax shall fail to collect and pay over any tax, penalty or interest, or whenever any occupant shall fail to pay any tax, penalty or interest imposed by this Local Law as herein provided, the County Attorney shall, upon the request of the County Treasurer, bring or cause to be brought an action to enforce the payment of the same on behalf of the County of St. Lawrence in any court of competent jurisdiction in the State of New York, or of any other state or of the United States;

(b) If, however, the County Treasurer in his/her discretion believes that any such operator, officer, occupant or other person is about to cease business, leave the state or remove or dissipate the assets out of which the tax or penalties might be satisfied, and that any such tax or penalty will not be paid when due, he/she may declare such tax or penalty to be immediately due and payable and may issue a warrant immediately;

(c) As an additional or alternate remedy, the County Treasurer may issue a warrant, directed to the Sheriff commanding him or her to levy upon and sell the real and personal property of the operator which may be found within the county for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant, and to return such warrant to the County Treasurer and to pay to him or her the money collected by virtue thereof within sixty (60) days after the receipt of such warrant. The Sheriff shall within five (5) days after the receipt of the warrant file with the County Clerk a copy thereof, and thereupon such Clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the tax, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the interest in real and personal property of the person against whom the warrant is issued. The Sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record and for services in executing the warrant he shall be entitled to the same fees, with he may collect in the same manner. In the discretion of the County Treasurer, a warrant of like terms, force and effect may be issued and directed to any office or employee of the County Treasurer and in the execution thereof such officer or employee shall have all the powers conferred by law upon Sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the County Treasurer may from time to time issue new warrants and shall also have the same remedies to enforce the amount due thereunder as if the county had recovered judgment therefor and execution thereon had been returned unsatisfied;

(d) Whenever an operator shall make a sale, transfer or assignment in bulk of any part or all the whole of his/her hotel or motel assets, otherwise than in the ordinary course of business, the purchaser, transferee or assignee shall, at least ten days before taking possession of the subject of said sale, transfer or assignment, or paying therefor, notify the County Treasurer by registered mail of the proposed sale and of the price, terms and conditions thereof whether or not the seller, transferor or assignor has represented to or informed the purchaser, transferee or assignee that the owes any tax pursuant to this Local Law, and whether or not the purchaser, transferee or assignee has knowledge that such taxes are owing, and whether any such taxes are in fact owing; (e) Whenever the purchaser, transferee or assignee shall fail to give notice to the County Treasurer as required by the preceding paragraph, or whenever the County Treasurer shall inform the purchaser, transferee or assignee that a possible claim for such tax or taxes exists, any sums of money, property or choses in action, or other consideration, which the purchaser, transferee or assignee is
required to transfer over to the seller, transferor or assignor shall be subject to a first priority right and lien for any such taxes theretofore or thereafter determined to be due from the seller, transferor or assignor to the county, and the purchaser, transferee or assignee is forbidden to transfer to the seller, transferor or assignor any such sums of money, property or choses in action to the extent of the amount of the county’s claim. For failure to comply with the provisions of this subdivision, the purchaser, transferee or assignee, in addition to being subject to the liabilities and remedies imposed under the provisions of Article 6 of the Uniform Commercial Code, shall be personally liable for the payment of the county of any such taxes theretofore or thereafter determined to be due to the county from the seller, transferor, or assignor, and such liability may be assessed and enforced in the same manner as the liability for tax under this Local Law.

SECTION 18. GENERAL POWERS OF THE COUNTY TREASURER:

(1) To make, adopt and amend rules and regulations appropriate to the carrying out of this Local Law and purposes thereof;

Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality.

**B.** Before a Qualified Property Owner and a Financing Party enter into a Finance Agreement which results in a loan to finance a Qualified Project, repayment of which is secured by a Benefit Assessment Lien, a written consent from each existing mortgage holder of the Qualified Property shall be obtained, permitting the Benefit Assessment Lien and each Annual Installment Lien to take priority over all existing mortgages.

**SECTION 5. PROCEDURES FOR ELIGIBILITY:**

**A.** Any property owner in the County may submit an application to EIC on such forms as have been prepared by EIC and made available to property owners on the website of EIC and at the County’s Real Property Tax office.

EIC may also request further information from the property owner where necessary to aid in its determination.
C. If a positive determination on an application is made by EIC, acting on behalf of the County, the property owner shall be deemed a Qualified Property Owner and shall be eligible to participate in the Program in accordance with this local law.

SECTION 6. APPLICATION CRITERIA:

Upon the submission of an application, EIC, acting on behalf of the County, shall make a positive or negative determination on such application based upon the following criteria for the making of a financing:

A. The property owner may not be in bankruptcy and the property may not constitute property subject to any pending bankruptcy proceeding;
B. The amount financed under the Program shall be repaid over a term not to exceed the weighted average of the useful life of Renewable Energy Systems and Energy Efficiency Improvements to be installed on the property as determined by EIC;
C. Sufficient funds are available from Financing Parties to provide financing to the property owner;
D. The property owner is current in payments on any existing mortgage on the Qualified Property;
E. The property owner is current in payments on any real property taxes on the Qualified Property; and
F. Such additional criteria, not inconsistent with the criteria set forth above, as the State, the County, or EIC acting on its behalf, or other Financing Parties may set from time to time.

SECTION 7. ENERGIZE NY FINANCE AGREEMENT:

A. Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of the County, shall be a third-party beneficiary (the “Finance Agreement”). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a “Benefited Property”).

B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition, construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.

C. The Finance Agreement shall include the terms and conditions of repayment of the Secured Amount and the Annual Installment Amounts.

D. EIC may charge fees to offset the costs of administering the Program and such fees, if not paid by the Financing Party, shall be added to the Secured Amount.

SECTION 8. TERMS AND CONDITIONS OF REPAYMENT:
The Finance Agreement shall set forth the terms and conditions of repayment in accordance with
the following:

A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records on which liens are recorded for properties within the County. The special benefit assessment shall constitute a “charge” within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed and collected by EIC, on behalf of the County, and shall be paid to the Financing Party as provided in the Finance Agreement.

B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of the County.

C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of the County, as provided in the Finance Agreement.

SECTION 9. LEVY OF ANNUAL INSTALLMENT AMOUNT AND CREATION OF ANNUAL INSTALLMENT LIEN:

A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of the County. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of the County, in the land records for properties in the County. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by the County.

B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the “Annual Installment Amount”). The Annual Installment Amount shall be levied by EIC, on behalf of the County, on the Benefited Property in the same manner as levies for municipal charges, shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied (the “Annual Installment Lien”) and shall remain a lien until paid. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the County. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.
C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or by any other State or local law. No portion of a Secured Amount shall be recovered by the County, EIC, or an assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.

D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of the County, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of the County, or the Financing Party, as may be provided in the Finance Agreement.

E. EIC shall act as the County's agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.

F. EIC, on behalf of the County, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the County, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as the Municipality would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection.

SECTION 10. VERIFICATION AND REPORT:

EIC, on behalf of the Municipality, shall verify and report on the installation and performance of Renewable Energy Systems and Energy Efficiency Improvements financed by the Program in such form and manner as the Authority may establish.

SECTION 11. SEPARABILITY:
If any clause, sentence, paragraph, section, or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

SECTION 12. EFFECTIVE DATE:

This local law shall take effect upon filing with the Secretary of State.

Introduced by Legislator Lawrence Dolhof, Chairman of the Lewis County Board of Legislators.

WHEREAS, North Country, and specifically Lewis County, dairy farmers proudly supply wholesome dairy products, including flavored milks, to schools not only in New York City, but across the state; and

WHEREAS, according to the latest data available from the U.S. Department of Agriculture, approximately 1,145 of the total 4,000 dairy farms are located in the twelve-county upstate New York region; and

WHEREAS, studies have shown that reducing or eliminating the availability of flavored milk in schools has led to overall decreased milk consumption and increased food waste; and

Uniform Guidance Compliance for Federal Awards - Procurement, Suspension and Debarment:

Purpose
2 CFR Part 200 (Subparts A through F), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, requires organizations receiving federal awards to establish and maintain effective internal controls over federal awards.

Procurement standards and procedures
The requirements for procurements using federal awards are contained in the Uniform Guidance (2 CFR Part 200, Subparts A through F), program legislation, federal awarding agency regulations, and the terms and conditions of the award. To comply with 2 CFR Part 200 (Subparts A through F), the County of Lewis implements policies and procedures, including, but not limited to:

- The County will use its own documented procurement procedures which reflect applicable state, local and tribal laws and regulations; provided that the procurements conform to applicable federal law and Uniform Guidance. As such, County procurements related to federal grants will be subject to New York State General Municipal Law, Lewis County Procurement Policy and Uniform Guidance requirements.

- Contract files will document the significant history of the procurement, including the rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis of contract price.

- The County will utilize one of the five acceptable procurement methodologies detailed in 2 CFR 200.320, which include:
  
  o Micro-purchase.
  o Small purchase procedure.
  o Sealed bid.
  o Competitive proposal.
  o Non-competitive proposal (sole-source).

- Procurements will provide for full and open competition as set forth in the Uniform Guidance, or state and local procurement thresholds, whichever is most restrictive.

- No employee, officer or agent may participate in the selection, award or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents can neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. If the financial interest is not substantial or
the gift is an unsolicited item of nominal value, no further action will be taken. However, disciplinary actions will be applied for violations of such standards otherwise.

- The County will avoid acquisition of unnecessary or duplicative items. Consideration will be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical procurement approach. The County will also analyze other means, as described in 2 CFR 200.318 of the Uniform Guidance, to ensure appropriate and economical acquisitions.

- The County will enter into state and local intergovernmental agreements or inter-entity agreements, where appropriate.

- The County will only utilize time-and-materials contracts when it has been determined, in writing, that no other contract type is suitable.

- Vendors/contractors that develop or draft specifications, requirements, statements of work, or invitation to bids or requests for proposals must be excluded from competing for such procurements.

- The County will make available, upon request of the federal awarding agency or pass-through entity, technical specifications on proposed procurements where the federal awarding agency or pass-through entity believes such review is needed.

- County departments are prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (i.e., grant or cooperative agreement) that are expected to equal or exceed $20,000. All non-procurement transactions (i.e., subawards to recipients), irrespective of award amount, are considered covered transactions.

- The County of Lewis will include a suspension/debarment clause in all written contracts in which the vendor/contractor will certify that it is not suspended or debarred. The contract will also contain language requiring the vendor/contractor to notify the County immediately upon becoming suspended or debarred. This will serve as adequate documentation as long as the contract remains in effect.

- County departments will be required to notify the Purchasing Division and Department of Law that federal funding will be used for a certain procurement/contract. When requesting a written contract, the County Department will be responsible for running the vendor's/contractor's name through the System for Award Management (SAM) to determine any exclusions. A copy of the SAM search will be included with the contract request. Prior to issuing a purchase order using federal funds, the Purchasing Division will check the SAM to determine if any exclusions exist for the vendor/contractor. If a vendor/contractor is found to be
suspended or debarred, the County will immediately cease to do business with the vendor.

- The County will not use statutorily or administratively imposed state, local or tribal geographical preferences in the evaluation of bids or proposals; except in those cases where applicable federal statutes expressly mandate or encourage geographical preference.

- The County will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor area surplus area firms are used when possible.

- The County will procure recovered materials in compliance with 2 CFR 200.322.

- The County will perform a cost or price analysis relating to every procurement more than the simplified acquisition thresholds $150,000.

- The County will require appropriate bonding requirements as per 2 CFR 200.325.

- The County will only award contracts to responsible vendors and will document, in writing, such determination.

- County contracts will contain the applicable provisions described in Appendix II to Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.

- The County will maintain oversight to ensure that contractors perform in accordance with the contract's terms, conditions, and specifications.

- Copies of executed contracts will be maintained in the Lewis County system and purchase orders will be maintained in the County system.

Lewis County Breach and Incident Response Policy

A data breach is a confirmed incident in which sensitive, confidential or otherwise protected data has been accessed and/or disclosed in an unauthorized fashion. Data breaches may involve personal health information (PHI), personally identifiable information (PII), trade secrets or intellectual property. The following policy lists identified markers for data breaches as well as a list of actions to set in motion after a breach occurs.

Identify the Problem

The first step is to identify whether or not you have a problem. Any user who notices signs of anomalous activity should contact the Information Technology Director (or members of his staff) and the County Manager (the County’s technical support team) who will work together to address the problem. A cyber security incident is considered to be any adverse event that threatens the confidentiality, integrity or availability of your organization’s information resources.

Possible causes of cyber incidents include the following:

- Attempts to gain unauthorized access to a system or its data
- Unwanted disruption or distributed denial of service (DDoS)
- Unauthorized access to critical computers, servers, routers, firewalls, etc.
- Changes to system hardware or software without approval
- Virus or worm infection, spyware, malware
- Loss or inconsistent electrical power

Symptoms

Signs a computer has been compromised may include the following:

- Abnormal response time or non-responsiveness
- Unexplained account lockouts
- Passwords not working
- Website homepage won’t open or has unexplained changes/content
- Programs not opening properly
- Running unexpected programs
- Lack of disk space or memory
- Bounced-back emails
- Inability to connect to the network
- Constant or increasing crashes
• Abnormal hard drive activity
• Connecting to unfamiliar sites
• Browser settings changed
• Extra toolbars that cannot be deleted

**Notification Procedure for Lewis County**

• Report the incident to Information Technology Director and to the County Manager

**Assess if this is a Security Incident**

The next step is to determine if the anomalous activity is an actual security incident. The Information Technology Director will assess the situation. Members of the IT Staff may be called to assist in the initial assessment.

Questions the response team needs to address include: What are the symptoms? What may be the cause? What is being impacted? How wide spread is it? What part of the system or network is impacted? Could this impact your business partners?

**Gather Information**

The IT Director should document all relevant information into a logbook. The following types of information should be documented:

• Organization’s name
• Characteristics of incident
• Date and time incident was detected
• List of symptoms noticed
• Scope of impact
• How widespread
• Number of users impacted
• Number of machines affected
• Nature of incident
• Denial of Service
• Malicious code
• Scans
• Unauthorized access
• Other

It is recommended that forms be readily available to document this information. The information can be used for future references, information sharing, and incident reporting, and should be kept in one location (such as in a logbook).
Responding to a Cyber Security Incident – IT Director and Staff

Once it is determined that your organization has a cyber security incident, the process for responding has several steps and may involve several people, as the Technical Support Team responds under the direction of the IT Director. It is important to be familiar with these procedures.

Briefing of Administration

Administration should be notified immediately when a significant incident is detected. The County Manager, County Attorney and County Sheriff should be notified. The County Manager will notify the Board of Legislators. Briefing is a critical step in response, providing administration with an assessment of the situation to help determine the necessary courses of action. As more information becomes available throughout the response process, additional briefings should take place which will help administration determine if it is necessary to take additional steps, such as bringing in more resources, sharing information or involving law enforcement.

Initial Response

It is important to determine the origin of the incident, where possible, identify what systems have been compromised and what data may have been accessed. This information will help determine the necessary course of action.

The first step the Technical Support Team should take is to isolate the problem, which may mean disconnecting the equipment from the network or if no network exists, the Internet. Additionally, the Incident Response Team should examine the equipment and check the appropriate logs, such as the firewall and system logs for signs of unauthorized access. Performing a vulnerability scan is helpful to identify vulnerabilities that may have led to the incident. It may be necessary to bring in an outside expert to provide assistance.

If it is determined that the incident warrants potential legal action, it is essential to preserve the evidence in the original form as much as possible. It is important to keep thorough and detailed logs of all actions to accurately document information for an investigation. The County Attorney may provide advice on the proper procedures for collecting evidence and assist with contacting law enforcement, if necessary.

Recovery

Once the cause is determined, the Technical Support Team is responsible for appropriate remediation and restoration. Management should be informed of the progress at all times. Basic recovery steps may include the following:

- Remove vulnerabilities and install or update routers or firewalls to prevent future unauthorized access.
- Reinstall clean versions of the operating system.
- Install vendor security patches.
- Change all passwords.
- Conduct a vulnerability scan of the compromised machine/system before reconnecting to the network.
• Reconnect to the network.
• Monitor the system closely.
• Document recovery procedures to submit to the IT Director for logging.

The necessary courses of action will depend on the cause of the incident.

**Reporting to Appropriate Outside Resources – For IT Director and County Manager**

**New York State Cyber Incident Reporting Procedure**

**What to Report?**

Any adverse event that threatens the confidentiality, integrity or availability of government resources, or that involves misuse of computing resources or is disruptive to normal system or data processing operations, including:

• Misuse, criminal or unauthorized use of systems
• Data theft or accidental disclosure of data
• Unauthorized modification or deletion of data
• Web page compromise
• Credential compromise
• Unauthorized access attempts
• Denial of service
• Unauthorized changes to hardware, software or configuration

Recovery Actions

The IT Security Team will take appropriate measures to secure the County’s information resources from further compromise. After a security incident, the IT Security Team will follow the list of approved recovery actions to bring the affected system(s) on-line and into service.

Risk Analysis, Assessment and Management

The Director of Information Technology Services and/or assigned staff shall perform a risk assessment on all applications, systems and services to be deployed on the County’s information systems. The analysis should consist of seven steps:

- Identification of threats and vulnerabilities
- Identification of application owners
- Analysis of the value of the information
- Identification of the impact on the County’s operations in the event of a security compromise;
- Classifying the potential damage level: high, medium, low
- Predict occurring possibility
- Estimate the cost of implementing security controls
